Note: Cardboard/Paper Hanger Piece of Chick-fil-A Gift Card from Retail store—The cardboard/paper hanger piece is used by the retail store to display the gift cards on a rack in the store. The number on the back of the hanger piece with the bar code is not the Chick-fil-A gift card number. The actual Chick-fil-A gift card is plastic and would have been attached to the hanger piece and hanging slightly below the paper/cardboard piece. This **plastic card** is what contains the value and should be presented at our Chick-fil-A restaurants as payment. If only the activation receipt and the cardboard/paper hanger piece are in your possession, follow the instructions for a lost or stolen card and include a picture or scan of both sides of the Hanger piece.
