

- In our restaurants, all actions and processes are in accordance to or exceed CDC guidelines for increased handwashing, disinfectant and cleaning procedures.
- We proactively closed our restaurant dining rooms nationwide the week of March 16 to limit person-to-person contact.
- Our restaurants utilize three different types of cleaners that are on the EPA list of antimicrobial products for use against COVID-19, which are used multiple times per day.
- “Leave at the front door” is a delivery option across all platforms to limit person-to-person contact
