Chick-fil-A Gift Cards are not redeemable for cash except as required by applicable law due to compliance with Federal and State Laws regulating the issuance and sale of gift cards, and then only to the extent required by applicable law.

After redeeming a gift card in a state that has a law requiring Chick-fil-A to provide cash back on remaining small gift card balances (listed below) and the applicable card balance threshold has been satisfied, you may obtain cash back in one of two ways:

1. By requesting cash back at any participating Chick-fil-A Restaurant located in one of the states that has such a law, or
2. By fully completing, signing (digital signatures are acceptable), and returning this form via or email or mail to CFA Servco, 5200 Buffington Road, Atlanta, GA 30349.

For properly submitted requests, a check will be issued within 30 days of the form receipt for the amount remaining on the Chick-fil-A Gift Card at the time of receipt. Here is a current list of states with gift card cash back requirements and threshold levels for each:
