Thank you for contacting us for a gift card replacement. Before completing the form, please note:

- Only cards that have a remaining balance can be replaced. Lost and stolen cards are processed first, upon receipt of a fully completed form.
- Without a purchase receipt, we are unable to research inactive cards.
- Once gift cards have been loaded to a digital gift card on the Chick-fil-A One App, the card balance is only accessible through the Chick-fil-A One App and the actual plastic gift card will correctly show a zero balance. Chick-fil-A One members can access the last 90 days of transactions in the Chick-fil-A One app under Account and Transaction history.
- Cards purchased from a retail store (not a Chick-fil-A restaurant) should first be taken to the retail store where purchased with your receipt for assistance.

Complete the information requested below. For properly submitted claims sent to the email address above, please allow up to 3 weeks for responses. For properly submitted claims mailed to the address above, please allow up to 6 weeks for responses. Remember to include:

- A picture or copy of the front of the gift card,
- A picture or copy of the back of the gift card, and
- A picture or copy of any purchase or activation receipts.

Please check the appropriate box:

- My gift card is damaged or unreadable and I would like it replaced.
- My gift card is lost/stolen and I have a purchase receipt.
- My gift card does not match my activation/purchase receipt.
