Refreshing smile stand

Serve up smiles in a refreshing way

Parents, check out these details on how to create a refreshing smile stand with your family.

What you need:

- Small table
- Lemonade
- Cups
- Paper, non-toxic markers, non-toxic tape

Activity:

Get the whole family involved in creating and decorating a drink stand (we prefer lemonade). With a grown-up supervising, sell drinks for a smile instead of money. Enjoy seeing how many people stop to get a drink and give a smile.

Extra fun:

Get some blank sticker sheets and color them with "smile" messages and drawings to give to people who stop – so they can spread smiles wherever they go.
